

	Monday	Tuesday	Wednesday	Thursday	Friday
English	Research the world's oceans. Write down facts about each ocean. 1. Size 2. Name 3. Location 4. Temperature You could do this in the style of a tops trump card or write your facts in sentences.	There are five zones in the ocean. Sunlight Zone Twilight zone Midnight Zone Abyss The Mariana Trench Which zone would you like to visit and why? Think about your sentences carefully. Make sure you are using different openers and conjunctions.	Look at this picture and answer the following questions: Where is the person? What equipment has he got? Is he alone? What is this person trying to do? Would you like to do this and why? Is he safe? 	Look at the picture and draw what the diver is recording and think about what he might see. 	Write a non chronological report about the animals that you would find living in either The Twilight Zone or the Mariana Trench.  
Maths	Write down the value of each number written in red. 200m 2438m 6344m 10, 110m	In every square metre of coral reef there are approximately 6 crabs. If the reef is 243m squared, estimate the number of crabs.	https://nrich.maths.org/5836/index Swimming Pool 	Add and subtract. How many different sums can you do? 46m 20cm 125m 67cm	Order these from smallest to largest. 106.4 million km² 73.6 million km² 20.327 million km² 165.2 million km² 14.056 million km²
Topic	Science https://www.youtube.com/watch?v=DsFiup7MT4w Make this boat and you can choose your own objects but make sure they are the same. Weigh the total number of objects at the end and that will tell you how much load your boat will hold.	Spanish En La Playa Find the vocabulary for this game...  Google- Kahoot enter game pin here! Game pin: 08888925 This game is live until Thursday, 4pm	ART This week design your own ocean scene. You could use a shoe box 	PSHE What role does the ocean play in your life? 	RE
