

Safeguarding Considerations for Live Sessions

Only ever use school registered accounts, never personal ones.

We will only ever use 'Google Classroom' or a secure Google Meet link to communicate live with pupils.

Staff will arrive before the start time and be the last to leave.

Staff will ensure they do not 'Allow' entry to anyone not known to the class.

All participants should follow the 'Live Video Session Etiquette' (see separate flyer.)

Any devices used should be in appropriate areas, for example, not in bedrooms; and should take account of their surroundings.

Staff and children must wear suitable clothing (school uniform top) , as should anyone else in the household.

Language must be professional and appropriate, including any family members in the background

Live sessions should be kept to a reasonable length of time

Any safeguarding concerns should be raised with a DSL in the usual manner

A log of all live google classroom sessions including the time, date, duration and attendees will be kept

Let's help each other keep ourselves safe online. For any further information on our remote learning offer visit our website www.oakfieldcepri.iow.sch.uk
