

# Welcome back Journey 3/4 class!

Welcome back after such an unusual and difficult time. Thank you so much for working so hard on Google Classroom or by working from our learning grids. I have been really impressed with some of the work you have produced. It took a bit of getting used to, for me as well as for you, but I know that we have all learned something new over the last few weeks!

Changing from remote learning to learning in the classroom again may be tricky for some of you, but you have no need to be worried. Establishing a good routine, going over our Zones of Regulation to help us think about our behaviours for learning and doing lots of fun activities to get us settled in, will be a key priority when we first return. I expect you are all looking forward to seeing your friends again!

The term is packed full of exciting learning opportunities as well as lots of opportunities to get outside, run around and socialise with your friends. The weather should be getting a little warmer and our school grounds are starting to look beautiful, but you may still need a coat!

## Key Information

**Start time:** School will be open at 8.40 am for 'Magic breakfast'. Please use the same entrance as you were using before our Christmas break.

**Finish time:** 3.00pm. Again, we will use the same route to leave school as we were doing just before Christmas.

**P.E:** Our P.E days will be on Tuesday and Fridays. We will be outside as much as possible for P.E as much as possible, so please make sure that P.E kit and trainers are worn on these days. Jogging bottoms and school jumpers can be worn if it is chilly.

**Forest School:** Thursday afternoon. Wellies or old trainers will be needed for forest school sessions, as well as a waterproof coat.

**What you need every day:** It can still be very chilly this time of year so **bring a coat** and also, our classroom will still be well ventilated with windows open so make sure that you have a school jumper with you. Please bring a **water bottle** everyday as you need to keep hydrated. It is not always possible for us to have a supply of clean cups for you to use in the classroom.
