

Year 4 Miss Jackson and Mr Christensen

SUMMER TERM 2 CLASS LETTER

KEY INFORMATION

Dear Families,

Welcome back for our last half term! We hope that you have had a lovely break and are looking forward to another action-packed term! It seems unbelievable to think the children have almost completed Year 4. They have worked really hard this year and are making some super progress.

During this half term we have many exciting events to look forward to, including healthy eating week and national sports week. The children will also be beginning to think about their move up to Year 5 when they meet their new teacher. See the next page for more dates for the diary.

Our learning journeys will continue to the end, so although there will be a lot of fun activities to be had we will be continuing to work hard to ensure each student is fully prepared for Year 5

In English our text will be The Firework Maker's Daughter by Philip Pullman and in Maths we will finish our decimals work and move on to look at measurement. The children will complete their times tables check in the first week back.

Please see the curriculum planner on our class page on the website for further details on the areas we are studying in Summer 2. Please ask if you need more information about our learning, we are always happy to speak about this.

Mr C and I would like to thank you for the support you have given your child and us during their time in Year 4 - the partnership has been invaluable in helping your child progress.

Miss Jackson, Mr C and Mrs Branska

Upcoming Events

Week beginning 5th June - Multiplication tables check

Week beginning 12th June - Healthy Eating Week

Friday 16th June - Pyjamarama

Week beginning 20th June - National Sports Week (sports day track events on Wednesday 21st June).

Tuesday 4th and Wednesday 5th July – transition days

General Reminders

As the weather heats up please make sure you have water bottles, sun hats and sun cream on (applied before school).

Please make sure your child has long trousers or leggings for forest school to protect their legs from nettles and thorns. They can change before they go down there.
