## SUMMER TERM 2 CLASS LETTER

## KEY INFORMATION

Hello Everyone,

Welcome back to school for the final half term of this academic year – it seems impossible that the year has flown by once again! We hope that you have all had a restful break and are now ready to embrace these next 8 weeks together!

Our **English** Learning Journeys will be based around the following books –

- Interview with a shark
- The Lighthouse Keeper's Lunch

Our **Maths** focus will be on, Money, Position and Direction, Statistics alongside our daily counting lessons for mastery and times tables practice.

In **Science** we will continue to learn about Famous Scientists and how they have changed our world over time as well as Beach School every other Wednesday depending on weather.

In **Geography** we will be studying the human and physical features of a small area of the United Kingdom and a small area of a non-European country.

As you know, we always have a Move Up Day during this half term where the children learn who their Year 3 teacher will be and where they will be based – this will happen on 7<sup>th</sup> July. We aim to make this a really positive and stress free experience for everyone. Please be assured that the teachers share all relevant information about your child's personality and their needs with the new teacher.

Thank you as always for your continued support – it makes all the difference to us and your child.

Best wishes,

Mrs Robinson and Ms Turpin.

Water bottles, hats and sun cream are essential for this half term – please send your child into school with the items they need.

Just a reminder that reading at home with your child is the most powerful tool you can equip them with – it is a life skill! Please make this time a daily routine.

### A Quick Reminder: No Toys at School

We know how much children love to bring their favourite toys, cards, or "treasures" from home to show their friends. However, we kindly ask that all personal toys stay safely at home rather than coming into the classroom.

### Why the "No Toys" rule?

**Preventing Heartbreak:** Even with the best intentions, toys brought from home can easily get lost, traded, or accidentally broken, which leads to very upset little ones.

**Fair Play:** We have plenty of resources and toys in school that are specifically chosen to encourage group play and shared learning.

**Focus in Class:** Occasionally, a special toy can become a distraction
